Live Layer and Dry Layer Test \$99, 60min - special pricing for both tests (regular price\$125.00).

Nutritious You Shop 941-203-5203

Live Layer Test, Nutritional Blood Cell Analysis \$50 cost, \$10 deposit at time of appt. has a 97% accuracy when compared to a complete blood count. Using the natural state of the blood requires only a finger stick! In one drop of blood you can see over 42+ anomalies under the microscope! Common findings are:

- Digestive Issues
- Liver stress
- Yeast imbalances
- Inflammation markers
- Immune health
- Parasites
- Bacteria
- Hormone imbalances

Dry Layer Oxidative Test, \$99 cost, \$20 deposit required at time of appt. requires only six drops of blood that is allowed to dry. With the patterns and inclusions that form we are able to see issues that can be acute or chronic and help you understand how natural health can help you achieve your wellness goals.

This process has been around over 70 years it can show you indications of:

- Degenerative disease
 - Lymphatic status
 - Colon health
 - Kidney stress
 - Mineral deficiencies
 - Adrenal stress
- Allergies to foods & environment
 - Leaky gut
 - Heavy metals
